

SCHMEISSER

SLIMLINE KEYMOD HANDGUARD, DROP-IN

The Schmeisser lightweight Drop-In Slimline Keymod Handguard easily mounts on the gun without any screws or tools, and remains rock solid without any gaps. The slim body securely fits in your hand to ensure ultimate grip and control.

Precisely constructed out of 6082-T6 aluminum, this handguard outperforms the competition when it comes to both durability and design. It lets you mount 3/5/9 slot long Picatinny rails with or without a quick detachable swivel.
