

SCHMEISSER

# AR-Series Rifle Ambidextrous Safety Selector

After extensive tests with different operators, Schmeisser created a no-nonsense, highly ergonomic, ambidextrous safety.

The Schmeisser ambidextrous drop-in safety selector is full-sized and designed to operate either right or left handed.

The left side lever has a lower profile than the right side to avoid accidental engagement. Compatible with both SR-15/AR-15 and SR-25 platforms. Semi-auto only.

### GTIN

4251366500239
